## COMMENCEMENT OF NEW SESSION AND REGISTRATION

Dear Parents and Students,

I hope that you all are safe and secure and taking necessary precautions to prevent yourself from corona virus pandemic.

I am pleased to inform you that classes for the next academic year will commence from 4 August 2020. Due to the present situation, as for present this will be done in the electronic mode. To ensure delivery of high quality content, the faculty is pre-recording exhaustive video lectures for every topic. In addition to this, we have devised a new concept of regular tutorials to supplement the video lectures.

To conduct tutorials, we have further divided sections into groups of not more than 30 typically, in order to achieve more individualized attention to each student and give students the opportunity to be interactive and engage in debates, discussions, and presentations on the relevant topics.

These tutorials will be held live on Google Meet and details regarding the same, including login details, will soon be sent to each registered student.

Each tutorial group will have a mentor faculty to oversee the same. While these new methods increase the overall teaching hours and load on faculty and the institute, we believe that in these difficult times, it is our responsibility to go beyond our mandate to ensure that the quality of education provided is not compromised.

Students will soon be provided with the time table, tutorial plans, video lectures, assignments, presentations, skill development activities and other learning material through our tutorial platform and Collpoll. A variety of other activities/webinars and events, including those of student societies and clubs, will also be conducted throughout the semester for the welfare of students.
