## From Cultural Head Desk

Cultural Head, DME

The contributions and achievements of the DME Cultural Cell have been noteworthy and much acclaimed since its inception and are moving towards greater heights with each passing year. There are a wide variety of activities including dance, music, debating, arts and crafts, dramatics, fashion etc. that a student can participate in through the cultural society throughout their time in the college. Students get a wholesome feeling of the college and build better personalities by taking part in various cultural events both in and outside of the college. I am sure that the society will rise more and more by the toil and dedication of our young students. The entire month was dedicated to Auditions for the freshers. As the new year beckons, let's have a look back before we look ahead! A sneak peak of what we did in the month of December 2021 is provided below.
